

# Site Re-Opening

You may have heard about a virus on the news called **Coronavirus**. It is also called **COVID-19**.

## What is Coronavirus?

Coronavirus is a new type of virus. It makes people cough and have problems breathing. It feels a bit like the flu.

Not everyone will get Coronavirus. Some people get sick, but most recover okay.

Everyone is being extra careful right now to make sure they do not spread the Coronavirus.

# Site Re-Opening

The Kew site was closed for 24 hours because a staff member was close to someone who was sick.

The site has been cleaned to get rid of any germs.

It is now **safe** to come back to work.

The work site will be open again on **Monday March 30th** for you to come back to work.

**What if I don't want to come back to work?**

If you are worried and don't want to come back to work you can stay home and use your leave.

# Site Re-Opening

## What if I start feeling sick?

If you have a fever, cough, feel tired or can't breathe, make sure you tell someone.

They will help you contact your doctor.

## Who can I speak to if I have questions?

If you want more information or to talk to someone you can speak with your Employment Coach.

Endeavour Foundation has also set up a **free phonenumber** you can call if you have any questions. It is run by nurses. It is free to call on **1800 983 006** at any time of day or night.
