Connecting People, Businesses and Communities Through Inclusive Employment

Inclusive Employment Australia (IEA) helps people with disability find and keep rewarding work, and helps employers and referrers make inclusion happen.

Endeavour Foundation proudly delivers IEA as a specialist provider for people with intellectual disability across Queensland, Victoria and South Australia.

Our team creates local connections that lead to lasting employment and stronger, more inclusive communities.

Local Specialists, Regional Reach

Our Inclusive Employment Specialists are based in more than 40 regional and metropolitan locations, partnering with local employers, businesses and communities to create inclusive work opportunities.

Whether you're looking to hire new talent or support existing staff, we can connect you with the right team in your region, making inclusion simple, practical and fully supported.
